

LUCAS FURTADO

DATA ANALYST

Florianópolis – SC | +55 11 970425090 | furtluc_mi@hotmail.com | [LinkedIn](#) | [Github](#)

SUMMARY

Data Analyst with experience in data modeling, analysis, and visualization, using Power BI, SQL, and tools focused on data transformation and structuring.

PROFESSIONAL EXPERIENCE

Jun/2025 - Present

DATA ANALYST • ELOSAÚDE

Responsible for data modeling and structuring, and for developing Power BI dashboards for internal and external users. Worked on indicator monitoring, insight generation, and process optimization. Main role in the MaxCare project, transforming sponsor data into managerial analysis and a consolidated view of health plan performance.

Mar/2022 - Mar/2025

TAX CONSULTANT • DELOITTE

Developed projects in the tax area using SQL for visualization solutions, Power BI for management reports, and Python for process automation. My longest and most notable project was Staff Loan at Amazon, where I helped drive technical improvements in the inbound process using Alteryx.

EDUCATION

Fev/2020 – Jan/2022

TECHNOLOGIST DEGREE • FACULDADE IMPACTA

Systems Analysis and Development.
